

Hats: An Anthology

Using radical materials and designs that range from refined to whimsical, Stephen Jones exquisitely crafted hats ignited a revival of British millinery in the early 1980s and reclaimed the hats place as an essential article for fashionable people everywhere. Today Jones edgy, compelling designs continue to attract stylish celebrities, including Gwen Stefani, Boy George, Kylie Minogue, Dita von Teese, and Madonna. Jones has also collaborated with a whos-who of legendary designers, including Vivienne Westwood, Jean Paul Gaultier, John Galiano for Dior, and Marc Jacobs. Published to accompany an innovative exhibition at the Victoria and Albert Museum, London, Hats offers an unprecedented view of the world of millinery from ancient Egypt to a Tudor knitted beret and a 1950s Balenciaga hat to Jones own creations. Drawing on Jones own archive and the V&As extensive collection, along with iconic headgear from around the world, this vividly illustrated book celebrates the universal appeal and delight of hat wearing.
