

Vogue: The Editors Eye

Vogue: The Editors Eye celebrates the pivotal role the fashion editor has played in shaping Americas sense of style since the magazines launch 120 years ago. Drawing on Vogues exceptional archive, this book focuses on the work of eight of the magazines legendary fashion editors (including Polly Mellen, Babs Simpson, and Grace Coddington) who collaborated with photographers, stylists, and designers to create the images that have had an indelible impact on the fashion world and beyond. Featuring the work of world-renowned photographers such as Richard Avedon, Irving Penn, and Annie Leibovitz and model/muses, including Marilyn Monroe, Verushka, and Linda Evangelista, The Editors Eye is a lavishly illustrated look at the visionary editors whose works continue to reverberate in the culture today.
