

## Hellboy: Art of the Movie

Since its debut in 1994, Mike Mignolas Hellboy has been one of the most celebrated comics on shelves, winning every major industry award, attracting legions of fans, and seeing Mignola provide artwork for numerous films, including Blade 2 and Dracula. Now, the director of Blade 2, Guillermo del Toro, has brought Hellboy to the big screen, in a major motion picture starring Ron Periman. This lavish tie-in book features del Toros complete screenplay, based on Mignolas Hellboy: Seed of Destruction graphic novel, along with copious production art from Mignola. With behind-the-scenes sketches and photos, commentary from Mignola, and del Toros on-set diary, The Art of the Movie is the ultimate guide to the Hellboy film.
