

## Hideaway

Although accident victim Hatch Harrison dies en route to the hospital, a brilliant physician miraculously resuscitates him. Given this second chance, Hatch and his wife Lindsey approach each day with a new appreciation of the beauty of life - until a series of mysterious and frightening events brings them face to face with the unknown. Although Hatch was given no glimpse of an afterlife during the period when his heart had stopped, he has reason to fear that he has brought a terrible presence back with him... from the land of the dead. When people who have wronged the Harrisons begin to die violently, Hatch comes to doubt his own innocence - and must confront the possibility that this life is just a prelude to another, darker place.
