

## Alexandria (Postcard History)

Alexandria is situated near the center of Douglas County, surrounded by a chain of beautiful lakes. These lakes brought pioneer settlers to the area as early as 1858, when Minnesota achieved statehood and the town was established. The lakes remain a key factor that continue to draw residents and visitors. The images in Postcard History Series: Alexandria tell the community's story, recalling fond memories of the businesses, churches, homes, schools, and recreational opportunities that form the generous and caring nature of the welcoming community that is Alexandria.
