

## Im One: 21st Century Mods

Want to look like a Mod? Pose like a Mod? Dance like a Mod? THIS IS THE BOOK YOU NEED! This is the NEW Mod look, the ageless Trans-European look that takes Mod back to the continent from where it first emerged in the Sixties. This is MOD in the Twenty-First Century. --- Pete Townshend. This unique collection of stunning photographs provides a sensitive portrayal of Britains Mod community from the past decade and a unique insight into the diversity of the contemporary Mod scene. With an introduction by Paolo Hewitt and an interview with DJ Rob Bailey of the New Untouchables, these pictures capture the essence of being Mod.
