

Introduction to Law: Its Dynamic Nature

This complete introduction to law places emphasis on ethics and international issues, showing readers how to engage in ethical, analytical reasoning with every topic from legal fundamentals to areas of substantive law. The features of this book encourage readers to apply critical thinking, organizational and summation skills, and legal research tools to solve specific legal problems. The American court system, criminal law and ethics, contracts and E-Commerce, family law, real and personal property, agency, employment, and equal opportunity law, intellectual property and internet law, and administrative law, consumer, investor, and environmental protection. For paralegals, legal assistants, lawyers, and all legal professionals.
