

Introduction to the Musical Art of Stage Lighting Design: Second Edition

Introduction to the Musical Art of Stage Lighting Design is aimed at beginning and intermediate Lighting Designers and Technicians. This textbook covers the basics of the tools of the professional lighting designer, as well as how the qualities of music and light are related in the emotional, artistic and compositional process. Written by the internationally acclaimed lighting designer and educator, David Martin Jacques, this book also covers the lighting design process in the professional theatre. The book includes many photos of professional lighting designs, paperwork, and lighting fixtures, dimmers, and controllers. (Please note that the print version of this book does not have hyperlinks or movies enabled.)
