

## PRINCE OF MIDTOWN (Harlequin comics)

Tessa is a secretary working for Sebastian, a prince who lives in a luxurious Park Avenue apartment in Manhattan. She realizes she's in love with him, but they are from different social classes so she must forget about her impossible infatuation! Determined to do so, she hands in her resignation, but the prince says he wants her to do one last job for him before she leaves to travel with him to his home country, Caspia, and set up a meeting there. Tessa is interested in seeing the beautiful coastal country of Caspia, so she agrees to go as long as it's her last job. But she never thought it would start such a commotion!
