

## Dialog: What Makes a Great Design Partnership

Presented as a conversation between two trusted design partners, Dialog: What Makes a Great Design Partnership explores over three decades of work from one of the worlds most accomplished design firms, the Carbone Smolan Agency. Written by design journalist Raul Barreneche and lushly illustrated with a wide array of materials, including exclusive images and sketches from the studios archives, the book showcases thirty-five of their projects for international brands, such as Christies and W Hotels, and cultural icons, like the Musee du Louvre and The Chicago Symphony Orchestra. Featuring a foreword by Italian designer Massimo Vignelli and a preface by design journalist, critic, and author Steven Heller, Dialog brings you behind the scenes of the prestigious agencies most celebrated projects and reveals the collaborative ethos that has resulted in a stunning array of designs for a world-class clientele.
