

Landmarks

#1 bestseller on the UK Sunday Times list, from the acclaimed author of *The Old Ways*. Words are grained into our landscapes, and landscapes are grained into our words. *Landmarks* is about the power of language to shape our sense of place. It is a field guide to the literature of nature, and a glossary containing thousands of remarkable words used in England, Scotland, Ireland, and Wales to describe land, nature, and weather. Traveling from Cumbria to the Cairngorms, and exploring the landscapes of Roger Deakin, J. A. Baker, Nan Shepherd, and others, Robert Macfarlane shows that language, well used, is a keen way of knowing landscape, and a vital means of coming to love it.
