

Living in Style Munich

When you think of Munich, images of Oktoberfest, wheat beer, the luxury delicatessen Dallmayr, or Maximilianstraße, one of its royal avenues, spring to mind. With its Bavarian earthiness, this city located at the foothills of the Alps is defined by a noticeable and prevailing cosmopolitanism that adds to its already-existing charms. Living in Style Munich showcases eclectic yet harmonious interiors that feature myriad influences from around the world. Creative living concepts display an attractive mixture of German chic juxtaposed with ideas gathered from the world's most talented interior designers. The latter is hardly surprising, thanks to Munich's geographical location at the gates of Italy, Switzerland, and Austria. Dedicated to this remarkable German city and its incomparable interiors, Living in Style Munich is bound to appeal to design aficionados and lovers of international travel alike.
