

Loop-d-Loop: More Than 40 Novel Designs for Knitters

The designs in Loop-d-Loop (for women, men, children, and the home) are fresh, modern, and eclectic, especially appealing to young knitters who like to set tradition askew and claim knitting as their own. At the same time, they are not so trendy as to turn off more traditional and/or older knitters, and the technical applications are so clever and unique that even advanced knitters are fascinated by them. Most of the designs - even those that may look complex--are actually fairly easy to create, providing gratifying learning and artistic experiences as well as fast results. Because of the strong technical nature of Loop-d-Loop, it is poised to last much longer than a simple collection of fashionable patterns and to become a standard reference within the knitting community.
