

Loose Leaf for Living with Art with Connect Access Card

Living with Arts approach to art appreciation supports students acquisition of the essential skills of the course. Mark Getleins vivid narrative, in concert with McGraw-Hills powerful adaptive learning program LearnSmart and CONNECT Art, helps students understand , analyze , and appreciate the ways art work communicates to us in our visual world. In doing so, Living with Art provides the foundation for a life-long appreciation of art, and critical thinking skills that will benefit students far beyond the classroom into their chosen careers. Students are invited to actively join in the discussion from Chapter 1. The narrative engages them in the stories of art, while the integrated digital assessments challenge them to build a fluency in the core vocabulary of the course, practice applying it in guided writing assignments, and ultimately prepare for active class participation and success on critical analysis, studio, and museum assignments.

The result is greater engagement and greater course success.
