

Hms Ulysses (Isis Nonfiction)

The classic novel of heroism and the sea, by the writer now recognised as the most outstanding in the genre. This is one of the great war novels of our century and one of the finest achievements in Alistair MacLeans best-selling career. It is the story of Convoy FR77 to Murmansk - a voyage that pushes men to the limits of human endurance, crippled by enemy attack and the bitter cold of the Arctic.
