

Frommers Provence & the Riviera (Frommers Complete Guides)

France remains the most popular tourist destination worldwide with nearly 80 million visitors a year. The average American visitor spends 9-12 days in France. There's no such thing as an off season in the South of France anymore; our authors guide the reader to the hard-to-find bargains and best values on the Riviera. The South of France is more accessible than ever, with new (seasonal) service from London via Eurostar, and a high-speed Paris/Marseilles TGV connection recently added.
