

## Material Obsession Two: Shared Inspiration

Each of the pairs of quilts in this gorgeous new book by quilters Sarah Fielke and Kathy Doughty springs from a single idea or shared moment of inspiration. The results - like non-identical twins - are inextricably linked, yet intriguingly different. With their reinterpretation of traditional designs, as well as a characteristic bold use of colour and dazzling patterns, Sarahs and Kathys quilts will appeal to quilters of all levels - from new quilt-makers looking for the next challenge, to experienced quilters, ready to embrace some of the more complex projects. With practical step-by-step instructions, a comprehensive Basics section and glorious photographs, this is a book to make your fingers tingle with sheer inspiration.
