

McSweeneys Issue 21 (Mcsweeneys Quarterly Concern)

McSweeneys began in 1998 as a literary journal that published only works rejected from other magazines. Today, it attracts work from some of the finest writers in the country, including David Foster Wallace, Ann Cummins, Rick Moody, and William T. Vollmann. McSweeneys Issue 21 includes work by Roddy Doyle and Stephen Elliott, as well as the triumphant return of Arthur Bradford. There are also new stories (written by secretive and heretofore unknown authors) of beauty and acuity. Determined to find new voices, publish work of gifted but underappreciated writers, and push the literary form forward at all times, McSweeneys Issue 21 proves McSweeneys continued commitment to excellence.
