

Moby Dick (Illustrated) (Great American Novels Book 1)

Over a century and a half after its publication, Moby-Dick still stands as an indisputable literary classic. It is the story of an eerily compelling madman pursuing an unholy war against a creature as vast and dangerous and unknowable as the sea itself. But more than just a novel of adventure, more than an encyclopedia of whaling lore and legend, Moby-Dick is a haunting, mesmerizing, and important social commentary populated with several of the most unforgettable and enduring characters in literature. Written with wonderfully redemptive humor, Moby-Dick is a profound and timeless inquiry into character, faith, and the nature of perception. Quotes from the book: I know not all that may be coming, but be it what it will, Ill go to it laughing. Better to sleep with a sober cannibal than a drunk Christian. It is not down on any map; true places never are. Readers reviews: The greatest novel of all time. This was such an incredible analysis of ambition and exploration that nothing I write here can do it justice. I literally shook while reading the last three chapters. (Dave, goodreads.com) Brilliant and bombastic. (Dave-O, goodreads.com) Beautiful story about the madness of a man and his war against his enemy: a white whale named Moby Dick. (Germa Brouwers, goodreads.com)
