

Moon Knight, Vol. 2

Count Nefaria was way out of Moon Knights league, and still the hero defeated him. But letting Nefaria live may have been the worst mistake of Marc Spectors life, and hes made more than his share. Now, Nefaria is scrapping for a rematch that will end the threat to his burgeoning West Coast criminal empire once and for all - and hes not taking any chances. With Moon Knight marked for death, Echo caught in the crossfire and Nefarias daughter - the demented and deadly Madame Masque - on the hunt, has time run out for the Fist of the Khonshu?
