

Strange Fruit #1

Whats to Love: Two of the industrys most respected and prolific creators come together for the first time in a deeply personal passion project. J.G. Jones (52, Wanted, Y: The Last Man) and Mark Waid (Irredeemable, Superman: Birthright, Kingdom Come) take on a powerful, beautifully painted story set during the Great Mississippi Flood of 1927. Strange Fruit is a challenging, provocative examination of the heroic myth confronting the themes of racism, cultural legacy, and human nature through a literary lens, John Steinbecks classic novel, Of Mice and Men. What It Is: Its 1927 in the town of Chatterlee, Mississippi, drowned by heavy rains. The Mississippi River is rising, threatening to break open not only the levees, but also the racial and social divisions of this former plantation town. A fiery messenger from the skies heralds the appearance of a being, one that will rip open the tensions in Chatterlee. Savior, or threat? It depends on where you stand. All the while, the waters are still rapidly rising...
