

The Breastfeeding Answer Book: Pocket Guide Edition

The POCKET GUIDE TO THE BREASTFEEDING ANSWER BOOK is a necessity for anyone who works in the field of lactation. The information is up-to-date, in-depth, and easy to access, making it practical for quick reference, while its broad scope makes it a complete resource. When La Leche League International introduced THE BREASTFEEDING ANSWER BOOK IN 1991, breastfeeding counselors worldwide welcomed it as the most complete and comprehensive guide to helping mothers find answers to their breastfeeding questions. La Leche League International has done it again with the new POCKET GUIDE TO THE BREASTFEEDING ANSWER BOOK. This guide packs a tremendous amount of practical breastfeeding information in its small size. La Leche League Internationals Center for Breastfeeding Information, the worlds most extensive collection of research related to breastfeeding was the primary source of scientific studies used for this comprehensive guide.
