

# National Geographic Guide to the Historic Sites of Canada

As the official companion book to 150th anniversary of the Canadas birth, this guide is also the companion to the Guide to the National Parks of Canada, 2nd Edition, celebrating the historic sites that are key in building the story of Canada. This guide showcases 236 national historic sites of Parks Canada and gives visitors fact-packed text that features history, natural history, and must-see elements and events at each place. Great visuals and poetic insight into the lands and events reveal how Canada grew into the creative, thriving, and proudly independent nation it is today. Each entry gives the sites unique story and how it contributes to the greater story of Canada.
