

Bucky OHare And The Toad Menace Deluxe Edition

The book that led to the cartoon features rare artwork by comic book legend Michael Golden. In this Wizard of Oz outer-space adventure, young Willy Duwitt accidentally creates a portal to another universe, populated by advanced, space-traveling animals with an evil bent on domination. Willy joins the spaceship, Righteous Indignation, lead by rabbit captain Bucky OHare to confront the Toad Menace and thwart its nefarious machinations. A classic with layers for all age groups.
