

Nicholas Nixon: The Brown Sisters

The Brown Sisters presents a photographic project as compelling in effect as it is simple in conception: four women, 25 years. Each year since 1975 photographer Nicholas Nixon has made a group portrait of his wife and her three sisters facing the camera in the same order: Heather, Mimi, Bebe, and Laurie. The series now measures a quarter century in the lives of the sisters, who in 1975 ranged in age from 15 to 25; each picture is dense with allusions to the year of experience that separates it from the one before.
