

French Country Kitchens: Authentic French Kitchen Design from Simple to Spectacular

When I think back on all the homes I've visited in the French countryside and I've visited hundreds over the last twenty-five years, it is almost always the kitchens I remember most clearly and recall with the most affection. From the introduction, the kitchen is truly the heart of the home, and nowhere is this exemplified with more style and personality than in France. Distinguished by striking craftsmanship, bold colors, and vintage accents, the French country kitchen, whether a rustic retreat or an urban oasis, is always unique and inviting. In this beautiful celebration of France's real-life kitchens, French style authority Linda Dannenberg invites us into dozens of kitchens that capture the spirit of their regions, carefully examining the design, the priorities of the owners, and the details, from color palettes to collectibles that create inviting, functional, and personal spaces. You'll visit a remarkable new eighteenth-century kitchen in the heart of Paris's old garment district, designed entirely with elements dating from the 1700s; an airy, open family kitchen in a Provencal house that was once a grain mill; a dramatic kitchen, bold in color and scale, in an elegant farmhouse in Saint-Remy-de-Provence; a romantic country kitchen, illuminated by a Palladian-style window from an old abbey, in a welcoming village surrounded by the farmland of the Ile-de-France; and a casual Parisian space, once an atelier occupied by Pablo Picasso, featuring a kitchen with subtle, restrained mosaics. Distinctive elements that characterize these welcoming spaces are examined in depth, from tile work to the French way with color. You'll even find recipes that capture the spirit of the French kitchen. With an extensive directory of sources, more than 200 full-color photographs, and evocative text highlighting a bounty of original ideas, *French Country Kitchens* is a lush and inspiring guide to re-creating a little corner

of France in the heart of your own home.
