PARKINSON

For more than 50 years, Norman Parkinson was one of Britains leading exponents of fashion and portrait photography. This book, published with the co-operation of his estate, ranges from his early ground-breaking fashion work for Harpers Bazaar in the 30s to his work for Vogue in the 40s and 50s, his views of 1960s London, his later work for Town & Country and a selection of his portraits. It also includes many unfamiliar works from Parkinsons extensive archive.
