

Sex and a Side Step 1-2-3

For as long as i can remember, I have loved to Ballroom Dance . My little book is filled with humorous saying that my students sort of blurt out as they are learning to dance, ballroom dancings double entendres, That is when the second meaning is slightly risque. The second half of the book is serious, and tells the story of how through a series of unbelievable coincidences, I met two sisters when I was 51 years of age, and how Ballroom dancing tied it all together. Most people are interested in being a good social dancers, and have a need for dancing well so they can feel comfortable in all social situations like wedding receptions, anniversary parties, Christmas parties, and other events where dancing is a necessary social skill. These are the people I enjoy teaching, and this is for whom I have written this little book. To them who as they learn, can have a few laughs, not take learning to Ballroom Dance so seriously, enjoy the learning, and wind up being a really well trained and nice looking social ballroom dancer! A dancer who will be the envy of all who see them. If you cannot dance, but have always wanted to learn, please consider the following: Beginning to Learn Ballroom Dance at Home!!.
