

Tango Argentino: A Pocket Breviary for Its Dancers

In this book we discover the code of honour of the portenos dancers of the Tango Milonguero who have remained uncontaminated by the tourism surrounding the Tango and who are more or less 70-80 years old. Their behaviour reflects concepts that were already spoken of in ancient China! Lets discover them together by following the footsteps of the Chinese philosopher, Lao Tse, and of los Viejos Milongueros. You will be astonished by what you discover!
