

RECORDER FROM THE BEGINNING COLOR EDITION 2004 PUPILS BOOK 1

(Music Sales America). This recorder course by John Pitts is written for 7-11 year olds no previous knowledge of music or recorders is necessary. It is carefully graded with clear explanations at every stage, encouraging children to develop musical skills as well as recorder techniques. The teachers books include simple piano accompaniments, guitar chord symbols and performance suggestions for classroom percussion. The tune books provide extra solo and duet material to supplement the instruction in each book ideal for children who need more practice and for fast learners who need extra material to hold their interest. Book 1 introduces the first six notes through a mixture of well-known and original tunes. By the end of the book, all the basic rhythm patterns have been covered. The full-colour revised edition also features eight extra pages with some new tunes and rounds.
