

## Pro C# with .NET 3.0, Special Edition (Experts Voice in .NET)

This book provides readers with a complete A-Z for using C# with the .NET 2.0 Platform and the .NET 3.0 extensions. It contains new chapters digging deeply into the interactions between the existing framework and the new extensions to give readers the edge when they come to evaluation and implement .NET 3.0 for the first time. To provide even more support, the book includes a bonus CD that provides over five hundred pages of carefully selected additional content to help broaden a readers understanding of both .NET 2.0 and .NET 3.0.
