

Rare Birds

Rare Birds, the first monograph by Amanda de Cadenet, is a ten-year retrospective documenting the provocative cast of characters she has encountered through the course of her life and travels. These intimate images, published here for the first time, present us with a disarming array of personalities. Defying superficial interpretation and representation, Rare Birds humanizes our pop culture idols, placing them alongside equally compelling people from everyday life. Be it her daughter Atlanta, her boyfriend Nick, friends Keanu Reeves, Tobey Maguire, Benicio del Toro, Drew Barrymore, Orlando Bloom, Mischa Barton, Amber Valletta, Sophie Dahl, Amanda Peet, Dave Gahan, Jenny Saville, Beck, Sean Lennon, Kings of Leon, The Strokes, The Vines, Adam Green of The Moldy Peaches, and Brody Dalle of The Distillers, or the odd and unusual people she encounters on the street, Amanda de Cadenet's photographs capture a subtle, ambiguous, and unconventional beauty.
