

## A Dying Evil (Super Bolan, No. 80) (Mack Bolan)

The deadly hunt began in the United States, as an escalating series of terrorist incidents were linked to neo-Nazi fanatics calling themselves Temple of the Nordic Covenant. It was more dangerous than other Nazi cliques because of its size and scope, and its leaders apocalyptic tentacles of a war to end all wars reached across the Atlantic to Europe. Each time, Mack Bolan had been there to thwart the temple's grisly agenda for global dominance and to minimize the spill of innocent blood. But now the temple is going nuclear. Bolan races to preempt a bloodbath in racially charged South America and lock his sights on Gerhard Steubens final target for the stolen tactical nuke. Endgame comes to the frozen frontier of the South Pole, where a storm of ice and fire will decide whose vision Bolans or a madmans will prevail.
