

User (Book 2 of 3)

User is the computer geeks graphic novel with storylines that include gaming, computers, role-playing games, and cyberculture. This is part two of the three-part comic miniseries written by female writer Devin Grayson and co-illustrated by John Bolton and Sean Phillips. User is the story of Meg Chancellor, who searches for meaning in an online gaming world and finds that life as warrior may be no better than that of a damsel in distress. The artwork alternates between the moody sepia tones of the real world and the Day-Glo bright and stylized art of the fantasy world. A compelling graphic novel that illustrates how the cyber world and the real world can overlap and influence each other.
