

## Madonna Sex - Japanese Edition

The Japanese edition of the Madonna Sex Book printed in 1992. The Japanese edition contains all the same pictures and text as the English edition. It has an additional few pages at the back containing Japanese text. It is far superior to the English edition as it is printed on high quality photo paper. The English edition is just printed on stock paper. It also came new in a nice box that was not part of the English edition. It comes with the Dita comic and the Erotic CD sealed with the book inside a mylar envelope.
