

Shabby Chic

Shabby Chic is as unpretentious as its author, including thoughts about what works and what doesn't, tips on how to shop at a flea market, inspirational photographic illustrations and plenty of encouragement. Los Angeles Daily News Rachel Ashwell's bestselling guide to home furnishings, flower arrangements, flea-market finds, tag-sale treasures, and more continues to bring American home decorating back to basics with its remarkably down-to-earth yet beautiful aesthetic, showing you how to capture the aura of old money, cushy comfort, and crafted indifference. With her keen eye for thrifty style, and a peerless sense of how to get the most for the least out of your adventures into interior decorating, Ashwell and Shabby Chic are your treasure map to a treasure-filled home.
