

The Sherlock Holmes Book of Magic

Although Sherlock Holmes never admitted to having magical powers, the stories of Sir Arthur Conan Doyle have inspired this collection of magical effects designed to baffle your friends, entertain your audience, and stimulate interest in the great detectives work. If you enjoy magic, you'll find some interesting twists on some old tricks as well as a few new ideas. If you're a beginner, perhaps this book will help you chart a course in the world of conjuring!
