Sicily (Sicilia, Italy) 1:200,000 Travel Map, waterproof, GPS-compatible REISE, 2012 edition This indexed map of Sicily with topographic and tourist information is waterproof and tear-resistant, double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in). It is durable enough to survive time spent in the rucksack, pocket or on a restaurant table. The map divides the island east / west with a good overlap between the sides. The scale (1 inch = 3.16 miles) is suitable for driving and also cycling. Aeolian (Lipari) Islands, plus Pantelleria, Lampedusa and other small islands south of Sicily are included as insets. Topography is indicated by altitude colouring with spot heights and names of mountain ranges. Road information includes selected local tracks, indicates driving distances on main roads, and highlights scenic routes. Railways and ferry connections are also shown. The overprint also highlights local national parks, holiday camps, campsites and mountain refuges, viewpoints, churches and castles, beaches, golf courses, etc. The map has a 10-km UTM grid, plus latitude and longitude grid at 10 intervals. Multilingual legend includes English, high quality German cartography.
