

Slippers - Easy To Make Crochet Pattern

This crochet pattern for slippers can be used for making either cool summer slippers with a cotton based yarn, or warm and cozy winter slippers using a wool based yarn. The pattern can be used to make slippers for both children and adults; the smallest size will fit from approximately age 6. I have included a size guide for reference if you are unable to measure the exact foot size for the person you are making the slippers for. Each pair only requires one 2 oz skein (50 g ball) in the main color, and an oddment of yarn in a contrast color (which is optional). The pattern is written using standard American terms; if you normally use UK terms, I've got you covered by including a list of stitch conversions from US to UK terminology! Scroll up to the top and click on the link to Buy Now to deliver almost instantly to your Kindle or other reading device, and complete your slippers by the end of TODAY!
