

TLALX - Ten Years Running A DIY Hardcore Punk Label Zine

TLALX is a sixty-two page retrospective of the ten plus years of existence of To Live A Lie Records. The zine, almost a mini book, is broken into a few different sections. In the first section Will Butler provides a series of vignettes detailing the early years along. A bulk of the zine includes classic interviews from BACKSLIDER, SICK/TIRED, HUMMINGBIRD OF DEATH, BEARTRAP, DEATHRATS, ACxDC, and SIXBREWANTHA. Following that are photos of friends and TLAL love over the years, a catalog of TLAL tattoos, and of course some great vinyl pics. Last are reflections on past releases by artists who worked with the label including Lucas Korte of XBRAINIAX, Matt Gauck the label go-to artguy, Jay Tichy from SIDETRACKED, and last is an amazing story of the ARCHAGATHUS Canadian Horse cover photoshoot by Dan Ryckman. This magazine is the first physical documentation of the history of TLAL unless you include the hundred plus releases that have come out on To Live A Lie. It really gives you insight of a ten year journey of a DIY record label.
