

## The Canadian Rockies (Banff Springs, english)

Without a doubt, this is the all-time bestselling book on the Canadian Rockies. Through the lens of his camera, Douglas Leighton has captured the magic and the majesty of the Canadian Rockies. Because he is a resident of these mountains himself, his reverence for the alpine wilderness is evident in his photography. His images successfully convey the pristine nature of this ever-changing landscape. Leightons work represents both his respect for the unique character of the Rockies and his aspiration to share with others the beauty of this untamed place.
