

The Skinny on Shooting for Royalty-Free Stock

You can make money shooting stock photography, especially the super affordable royalty-free microstock. However, many great photographers are jumping on the bandwagon, so competition is stiff. In this book, iStockphotos former chief evangelist shares her insider tips for a successful career shooting microstock. Learn what kind of photos sell, five shoot ideas guaranteed to produce results, processing tips for Lightroom and Photoshop's Camera Raw, how to describe and keyword images so they'll be found, how to save and submit your files, and more. Photoshop Users 5-star review said: This is truly a textbook on how and what to shoot to make money in the microstock photo market.
