

THE FRENCHMANS MARRIAGE DEMAND (Harlequin comics)

Zacharie Deverell, the famous French playboy, thought he had it all, but when his girlfriend Freya Addison announces her pregnancy, he quickly removes her from his life. He knows the child can't be his; vasectomies are a surefire thing, right? But why has the young and healthy Zac decided to take fatherhood out of his life so early, and why would Freya be lying? Two years later, when Freya ends up in the hospital, a specter from her past shows up. Does Zac now believe himself to be the father, or does he have other reasons for coming?
