

## Soulfire Vol. 2 #6

Just when you thought the magic was over... Malikai, Grace, and friends discover the dawn of Rainiers growing command over the city of San Francisco has caused an ominous new world order. The group has doubled in size with the arrival of several familiar faces, and Grace decides to attempt to enlist the help of someone from her past-yet she will learn that old wounds dont heal over time, even centuries. However, the biggest challenge they will face could also be their last as Rainier sets his sights on them once more with yet another horrific creation, fusing both biology and technology into an unrelenting new foe! The magic has returned and its here to stay. Make sure youre a part of the next exciting chapter in the storied SOULFIRE mythology!
