

Carol Day - The Prophet

This book presents the complete story, The Prophet, from the Carol Day comic strip by David Wright. The story began on March 21, 1962 and concluded on July 9. It comprises strips #1714-1809. The Prophet is a sequel to Last of the Line, the first Carol Day story about Oswald Patcham. Carol Day is a classic comic strip by one of the greatest artists ever to work in the medium, but it has not been widely available since its initial newspaper publication. This edition is scanned almost entirely from the original art to provide the best quality images possible. The book is designed and optimized for the Kindle App on iPad. It is best viewed on the iPad but is certainly enjoyable on the Kindle.
