

## Superman: Return to Krypton

From some of comics biggest talents, including star writers Jeph Loeb (Batman: Hush) and Joe Kelly (JLA), comes a tale that rocks Superman to his foundations! For years, Superman laboured under the belief that his birth-world, the long-destroyed planet Krypton, was a cold, sterile place. But in Return to Krypton, his preconceptions are forever smashed, as the Man of Steel is granted a miraculous opportunity to revisit the planet before its cataclysmic demise, in the process meeting his long-dead mother and father and gaining a new pet! Featuring stunning artwork from the likes of Ed McGuinness (Thundercats) and Doug Mahnke (JLA), Return to Krypton is comics storytelling at its epic best!
