

Once In A Lifetime

A queen of hearts ... alone To the doctors the woman in the ambulance was just another casualty - just more beautiful than most, more badly hurt, like a delicate damaged butterfly ... surely someone was waiting for her to come home? Surely a husband or a lover would call? Daphne Fields is loved and known by millions. Her novels turn pain to joy, give her readers hope and the promise of new love when tears blind them. Her stories are drawn from her own struggle: to choose between two men ... to choose between being a mother, an artist, or a lover. She has now found strength, friendship, passion ... but now, when she needs it, can she hope to find the reality of true love more than once in a lifetime?
