

## Teaching with Puppets

Puppets have a unique appeal that can be used to make Christian lessons come alive for students of all ages. They communicate in a captivating, personal manner no other medium can approach. Teaching With Puppets explains what can reasonably be accomplished with puppets. Thoroughly illustrated instructions tell how to make and acquire puppets, how to build a puppet theater, and how to find script materials. Three complete scripts are included. They are the story of David and Goliath, a modern play about the daily problems of children, and a missionary story based on a true-life experience.
