

New Teen Titans Vol. 4

The original Teen Titans always stood in the shadows of their larger-than-life mentors-young heroes like Robin, Wonder Girl and Kid Flash saw plenty of action, but it was Batman, Wonder Woman and The Flash who ultimately called the shots. All that changed, however, with the arrival of THE NEW TEEN TITANS in 1980-and the lives of DC's adolescent adventurers would never be the same! Crafted by comics legends Marv Wolfman and George Perez, this all-new super-team featured greater dangers, fiercer emotions and more tangled relationships than any that had come before. The Titans celebrated stories have ensured that the names of Starfire, Cyborg, Raven and Changeling will be passed down through history. Collects THE NEW TEEN TITANS #21-27 of the classic title as well as the pivotal THE NEW TEEN TITANS ANNUAL #1.
