

Terra Obscura Vol 2 #1

Written by Alan Moore, Peter Hogan. Illustrated by Yanick Paquette. Tom Strange and the heroes of Terra Obscura return for another outing following 2003's critically acclaimed series! The heroes have finally adjusted to the society that spent 30-years without them...and more importantly, society has acclimated to having science heroes again! Things have returned to normal for the members of S.M.A.S.H., until a mysterious object appears on the edge of their galaxy - on a collision course with Terra Obscura! Whats more, the object appears to be the spacecraft of long-lost legendary hero Captain Future, but in a twisted and distorted way. And as the ship nears, time anomalies begin to crop up over the entire planet, wreaking terrible havok. Can Tom Strong and the other heroes unravel this mystery before it spells doom for the entire planet?
